CHECK OUT OUR PODCAST

Evidence-based discussions for complex rehabilitation professionals and clinicians that extends beyond seating and focuses heavily on standing and alternative positioning, but when seating is discussed, an emphasis on shower/commode chair considerations can be expected. Host Maryann Girardi PT, DPT, ATP, sits down with renowned surgeons, clinicians, consumers and parents sharing insights into the world of standing technology and positioning as therapy. Join us each month on major platforms Spotify and Apple Podcasts for a new look beyond seating from Altimate Medical.
